Upcoming Meeting - September 25, 2023

Our demo artist this month will be Alisa Nelson. Alisa Nelson, artist, art teacher, business owner, wife, and Mom of three will be doing a demo using the medium casein. Casein paint has been around quite some time and is a milk-based, water-soluble, opaque paint.

Alisa's love of art came from her parents' art backgrounds and their encouragement. Growing up in Fort Worth, Texas, she regularly had a marker or paintbrush in hand – drawing, painting, and creating. Abilene Christian University graduation in 2001 led to certification in elementary school teaching with a specialization in art.

Mrs. Nelson has taught art in a variety of capacities including public and private schools, private lessons, and at the Edmond Fine Arts Institute in Edmond Oklahoma.

In 2013, Alisa began teaching after school art classes and it has grown into Alisa Nelson Studio, LLC, offering art classes and camps to children in the Edmond Oklahoma Community. "Art is the universal language that everyone can speak – it brings people together, allows communication barriers to be broken and is a voice for joy, positivity and inspiration," she says. Every year of sharing creativity with others and watching young artists bloom reconfirms that creating art and sharing art is her passion and calling.

More information about Alisa's studio can be found on the website: www.alisanelsonstudio.com. Or check out her Facebook page - @alisanelsonstudio

Many thanks to **Marie Kash Weltzheimer** for her demo in May!
